Reasoning

a). Create a compound sentence by connecting two main clauses with a conjunction.

- She invited me to a dinner. I didn't want to go.

- I will go by walk. I can't wait so long.

- She will only buy the dress. It is on sale.

b. Add a prepositional phrase that tells us when each of these events happened.
First one has been done for you.

Sally went for a run **before she went to work.**

James knocked on his friends door _____

It began to rain _____

We went to the cinema _____
