

# Rounding Rap

Find the place value and circle the digit.

Move to the right of the circled number and underline that digit.

0 to 4, the circled digit stays the same.

But, 5 to 9 adding 1 is the game.

Now flex your muscles just like a hero.

Digits to the right, change to the zero.

All the other numbers, they stay the same.

Yahoo!!

you are a winner at the rounding game.
