Ď.		Rounding Rules	
ĸ		1. Find the place value and circle the digit. 2. Move to the right of the circled number and	
K	o the ne	earest 10 underline that digit. 3. Zero to four, the circled digit stays the same.	
K		But, five to nine adding 1 is the game. 4. Now flex your muscles just like a hero. Digits	
Ķ	35 rou	nds to 40 to the right, change to the zero.	
K	Directions : Rou	nd the numbers given in the circles to the nearest	
K	10 and then co	lour the correct answers on the bananas.
