

Subtraction to 100

Subtract two digit numbers and match with the correct answer.

$90 - 19$

$88 - 39$

$82 - 58$

$59 - 50$

$62 - 41$

$74 - 16$

$78 - 39$

$90 - 41$

$99 - 21$

$66 - 22$

John has an orange tree in his backyard. He had 94 oranges on that tree. He used 48 oranges for orange juice. How many oranges are left on the tree?

Ben works out $65 - 20$ and records it on her place value chart. Do you agree with her answer?

Tens	Ones

There are 20 marbles in each jar.
How many marbles are there altogether?
Write your answer in numerals and words.
